Leopardstown Care Centre

Purpose-built elderly care living in luxurious accommodation

Mowlam Healthcare provides person-centred health care with compassion, dignity, and respect. Our clear focus is 'To Enhance the Quality of Life for Older People'.

This is The Mowlam Way

Our home-from-home will be staffed by an exceptional team of compassionate nurses, senior carers and care assistants, whose focus will be to enhance the lives of the elderly residents in our care.

Each bedroom will provide a comfortable and personal environment for both short-term recuperation or as a place to make your home. Residents' bedrooms are just as important as our communal spaces in fostering a sense of home.

Living with Purpose

Our residents' happiness and quality of life is our priority. We take time to get to know our residents so that they can continue to live their lives in keeping with their individual lifestyle choice

The communal rooms, breakout spaces and gardens provide opportunities for social engagement and we work with our residents to ensure that the wide range of indoor and outdoor activities meet their needs and interests.

There is something for everyone. We particularly emphasise activities which promote physical, cognitive, spiritual and social wellbeing.
